

List of E-Journals that Provides Access to High-Quality Research, Articles, and Other Academic Resources

General & Multidisciplinary E-journals

1. Directory of Open Access Journals (DOAJ)

Description: A comprehensive directory of open-access journals from multiple disciplines, including sciences, social sciences, and humanities.

Website: <https://doaj.org>

2. PLOS ONE

Description: A multidisciplinary open-access journal covering all areas of science and medicine.

Website: <https://journals.plos.org/plosone>

3. SpringerOpen

Description: Open-access journals covering disciplines such as natural sciences, engineering, social sciences, and medicine.

Website: <https://www.springer.com/gp/open-access/journals>

4. BioMed Central

Description: Offers open-access journals in biology, medicine, and health sciences.

Website: <https://www.biomedcentral.com>

5. Frontiers

Description: A publisher of peer-reviewed, open-access journals in various scientific fields including biology, health, and technology.

Website: <https://www.frontiersin.org>

6. SAGE Open

Description: Open-access journals covering social and behavioral sciences, humanities, and education.

Website: <https://journals.sagepub.com/home/sgo>

7. Open Access Journal of Science and Technology (OAJST)

Description: Provides free access to scientific research articles from various fields of study.

Website: <https://www.oajst.org>

8. PubMed Central (PMC)

Description: A free digital repository for biomedical and life sciences literature, provided by the National Institutes of Health (NIH).

Website: <https://www.ncbi.nlm.nih.gov/pmc>

9. Academic Journals

Description: Publishes open-access academic journals on a wide range of disciplines, including engineering, science, and social sciences.

Website: <https://academicjournals.org>

10. MDPI Open Access Journals

Description: A publisher of peer-reviewed open-access journals across various disciplines including health, environment, and engineering.

Website: <https://www.mdpi.com>

Science & Technology E-journals

11. Journal of Applied Physics

Description: Provides open-access articles on applied physics and engineering.

Website: <https://aip.scitation.org/journal/jap>

12. The Astrophysical Journal

Description: Publishes research in astrophysics and astronomy, available freely online.

Website: <https://iopscience.iop.org/journal/0004-637X>

13. Journal of Computational Biology

Description: Publishes research at the intersection of computer science, biology, and medicine.

Website: <https://www.liebertpub.com/cmb>

14. IEEE Access

Description: A multidisciplinary, open-access journal covering various fields of engineering, electronics, and computer science.

Website: <https://ieeexplore.ieee.org/xpl/RecentIssue.jsp?punumber=6287639>

15. Journal of Nanotechnology

Description: Open-access journal focused on research in nanoscience and nanotechnology.

Website: <https://www.hindawi.com/journals/jnt>

16. Open Engineering

Description: Open-access journal covering engineering and technology topics.

Website: <https://www.degruyter.com/journal/key/oeng/html>

17. International Journal of Computer Science and Information Security (IJCSIS)

Description: Provides open access to research on computer science, security, and information technology.

Website: <https://www.ijcsis.org>

18. World Journal of Nano Science and Engineering

Description: Publishes articles in the area of nanoscience and nanotechnology.

Website: <https://www.scirp.org/journal/wjnse>

19. International Journal of Engineering and Technology (IJET)

Description: Publishes research in all areas of engineering and technology.

Website: <https://www.sciencepubco.com/index.php/IJET>

20. Mathematics Open

Description: An open-access journal focused on all branches of mathematics.

Website: <https://www.math-open.com>

Social Sciences E-journals

21. Social Science Research Network (SSRN)

Description: A repository of open-access research papers in the fields of social sciences, economics, and humanities.

Website: <https://www.ssrn.com>

22. Journal of Social and Political Sciences

Description: A multidisciplinary journal that covers political science, sociology, and international relations.

Website: <https://jsps.ui.ac.id>

23. Psychology Open

Description: An open-access journal dedicated to psychology research.

Website: <https://www.psychologyopen.com>

24. International Journal of Educational Development

Description: Publishes articles on educational practices and policies from around the world.

Website: <https://www.journals.elsevier.com/international-journal-of-educational-development>

25. Journal of Political Economy

Description: Offers research on political economy, economics, and related disciplines.

Website: <https://www.journals.uchicago.edu/toc/jpe/current>

26. Sociology Compass

Description: Open-access journal offering articles across various sociology subfields.

Website: <https://onlinelibrary.wiley.com/journal/17519020>

27. Critical Social Policy

Description: A journal dedicated to critical research in the field of social policy and social

justice.

Website: <https://journals.sagepub.com/home/csp>

28. International Journal of Sociology and Social Policy

Description: Provides research articles on social policy and sociology.

Website: <https://www.emerald.com/insight/publication/issn/0144-333X>

29. Journal of Public Economics

Description: A leading journal in public economics offering open-access research.

Website: <https://www.journals.elsevier.com/journal-of-public-economics>

30. Public Administration Review

Description: Focuses on topics in public administration, including theory, research, and practice.

Website: <https://onlinelibrary.wiley.com/journal/15406210>

Health & Medicine E-journals

31. BMJ Open

Description: An open-access journal for clinical and public health research.

Website: <https://bmjopen.bmj.com>

32. Global Health Action

Description: Open-access journal offering research on global health issues.

Website: <https://www.globalhealthaction.net>

33. Journal of Global Health

Description: Provides research on global health issues affecting populations worldwide.

Website: <https://www.jogh.org>

34. Free Medical Journals

Description: Offers a list of medical journals providing free access to articles and research papers.

Website: <https://www.freemedicaljournals.com>

35. International Journal of Public Health

Description: Open-access journal that covers all aspects of public health.

Website: <https://link.springer.com/journal/380>

36. Health Affairs

Description: An interdisciplinary journal covering health policy, health economics, and healthcare systems.

Website: <https://www.healthaffairs.org>

37. Environmental Health Perspectives

Description: Publishes research on environmental health and its impact on human health.

Website: <https://ehp.niehs.nih.gov>

38. Journal of Clinical Epidemiology

Description: Focuses on research in clinical epidemiology, statistics, and methods.

Website: <https://www.journals.elsevier.com/journal-of-clinical-epidemiology>

39. International Journal of Mental Health Systems

Description: Provides open-access research on mental health policy, treatment, and systems.

Website: <https://ijmhs.biomedcentral.com>

40. Annals of Epidemiology

Description: A journal covering epidemiological research and public health practices.

Website: <https://www.journals.elsevier.com/annals-of-epidemiology>

Environmental & Sustainability E-journals

41. Environmental Research Letters

Description: Publishes articles in environmental science and policy, with free access to all articles.

Website: <https://iopscience.iop.org/journal/1748-9326>

42. Sustainability

Description: An interdisciplinary journal on sustainability science, including environmental, economic, and social dimensions.

Website: <https://www.mdpi.com/journal/sustainability>

43. Global Environmental Change

Description: Focuses on environmental change and its societal implications.

Website: <https://www.journals.elsevier.com/global-environmental-change>

44. Renewable and Sustainable Energy Reviews

Description: Covers all aspects of renewable energy and sustainability.

Website: <https://www.journals.elsevier.com/renewable-and-sustainable-energy-reviews>

45. Open Environmental Sciences

Description: An open-access journal focusing on environmental sciences and issues.

Website: <https://www.benthamopen.com/TOESIJ>

46. International Journal of Environmental Research and Public Health

Description: Publishes research on environmental health, sustainable development, and

climate change.

Website: <https://www.mdpi.com/journal/ijerph>

47. Environmental Health Perspectives

Description: An open-access journal focusing on environmental health research.

Website: <https://ehp.niehs.nih.gov>

48. Journal of Cleaner Production

Description: Focuses on cleaner production, environmental impact reduction, and sustainable technologies.

Website: <https://www.journals.elsevier.com/journal-of-cleaner-production>

49. International Journal of Climate Change Strategies and Management

Description: Publishes research on strategies for addressing climate change.

Website: <https://www.emerald.com/insight/publication/issn/1756-8692>

50. Environmental Monitoring and Assessment

Description: Covers research on environmental monitoring, data collection, and assessment of ecosystems.

Website: <https://www.springer.com/journal/10661>
